Groomer Building update: Electrical is done, the approach slab will need to be done this spring. Go to the club website, look at #8 to view the building construction pictures. We will need a work bench, some brooms and other misc. items. Need to have a building warming party this Spring.

Grants: The 2018 RTP Grant has been applied for. The 2017 grant reimbursement for \$8420 for the electrical work has been submitted, & received.

Avalanche Class: about 20 participants from David Thompson Search & Rescue, Libby & Troy snowmobilers and a few from Boundary County Search & Rescue. The snow depth was a conservative 30 inches of powder. Additionally, there were about 20 other snowmobilers came to play but found the snow conditions ripe for a stuck fest.

Club Ride choices: Spread, Hawkins Lakes, Pulpit, China, Kootenai Face, Spruce Lakes, other ideas..

Forest plan info: Scotchman's nothing yet. [Forecasting for area is now through the](http://www.idahopanhandleavalanche.org/)

Groomers: LMC groomer is here for the Yaak area routes. Keeler was groomed to the shelter on Saturday December the 30th. It took 12 hours to clear the trail of downed trees & to groom. Groomed again the 11th of January and the 23rd & 30th of January. Ran the LMC to the saddle on the 1st of February.

Website: IDEAS? MSA info.

Snowcaution: be avalanche aware. use common sense avoid the steeper slopes, and check the <http://www.idahopanhandleavalanche.org/>
